### Experience

#### Iunoware Pvt Ltd ☈

Software Developer Intern (Full-Time)

07/2025 – Present

Madurai, India

- Engineered and shipped 10+ responsive front-end applications, prioritizing SEO, accessibility, and smooth user experience.
- Modernized the company website by migrating from legacy UI to React + Tailwind, reducing page load time by ~40% and enabling a scalable component architecture.
- Centralized repositories under a GitHub organization, enabling automated deployments on main branch pushes and eliminating manual ZIP-based updates.
- Collaborated with 3 clients to deliver polished UI/UX.
- Boosted reliability via performance optimization and reusable, clean architecture.

### Projects

#### Iunoware ☈

11/2025 – 11/2025

- Led the migration from HTML/Bootstrap to React + Tailwind, significantly improving scalability and UI consistency.
- Redesigned key homepage sections and hero layout, aligning visuals with brand identity and modern UX standards.
- Developed 6+ modular pages, improving navigation flow, maintainability, and responsiveness.
- Reduced code complexity by ~40% via reusable components and clean state management.
- launched a responsive, performance-optimized solution in a 2-member team.

#### The Baked Fantasy

08/2025 – 10/2025

- Built a full-stack commerce platform supporting online cake orders, equipment sales, and learning modules.
- Designed and implemented responsive client and admin dashboards for 3+ user roles using Tailwind CSS.
- Integrated backend APIs and MongoDB schemas, supporting authentication, order workflows, and 100+ test users.
- Collaborating closely within a 2-member team, contributing across frontend, backend, and deployment workflows.

#### Terraloom Yash ☈

07/2025 – 07/2025

- Executed an end-to-end client website, from layout implementation to deployment.
- Built 16 SEO-optimized product pages, leveraging lazy loading, refined imagery, and smooth scrolling.
- Enhanced user engagement using AOS animations, form validation, and responsive design principles.
- Achieved 100% client approval, meeting performance, SEO, and cross-device compatibility goals.

### Education

#### The American College.

07/2022 – 05/2025

Bachelor of Commerce in Computer Application

Madurai, India

Average GPA across all parts: 8/10
